About Us

We help business change the way they interact with the community

Clique Net Business, established in 2014 as a business solution provider.

We are looking into a new media strategy and technology firm that specializes and aid entrepreneurs and small business owners in online marketing, advocacy, social networking, and business development.

Services

1. Website Development
2. Mobile Apps Development
3. Office Equipment Sourcing
4. Courses for Start-up or Small Business
5. Free Classified Ads Platform

Website Development

Our team of talented web designers will create an attractive and usable design that projects a strong and consistent brand image and is accessible from different devices and platforms (Responsive Web Design). Meanwhile, our web developers will build a custom Content Management System (CMS) or integrate one like WordPress.

Following best practices and using modern technologies, we will ensure that your website is optimized and accessible by search engines. By utilizing various tools and widgets, we can also harness the power of social media and integrate it into your website. All these elements work together seamlessly to maximize your online exposure.

Our services include:-

- Web hosting
- Theme development (graphic design)
- E-Commerce system
- Email system
- Enhance package by Google (cloud, email, wave accounting, etc.)
- Quotation tools
